**Subject:** Re: Cabinet 16th June 09

Hi Nigel,

I spoke on your behalf at Cabinet but the item was passed and there will be another discussion after the work has been completed.

Regards

Jim

Jacqui,

Item 9; TRO on Ramsden Road/ Ramsden Lane to stop public right of way with vehicles including lawful and law abiding users.

I'd like to know why this has been taken back to cabinet without further consultation with me. Are ward councillors not to be consulted these days?

The report refers to previous consultation with ward councillors but fails to say how long ago it was. I am asking you to withdraw the report from cabinet until ward councillors are properly consulted on the latest information.

Thank you.
